FAIL TO SELECT A CHAIRMAN

CANDIDATES AND SUBCOMMITTEE TO MEET AGAIN IN JULY.

(By Associated Press.)
CINCINNATI, June 20.—Secretary Taft's visit to his home city, so far as it concerned the selection of a Republican National chairman, was a fruitless mission. Frank Hitchcock might have had the chairmanship, but at the last moment declined to permit the use of his name because of the condition of his health. It is significant that after a conference lasting two hours between Taft, Representative Sherman and the members of the subcommittee of the National committee, they decided to postpone action on the chairmanship and treasurership of the National committee until July 1. On that date a meeting of candidates and members of the subcommittee will be held in Washington to finally determine a matter which could not be solved today.
A report is current here late tonight that Senator Lodge, of Massachusetts, and Chester Long, of Kansas, were two names given prominence at today's conference of the subcommittee of the Republican National committee, with Taft and Sherman concerning the selection of chairman for the committee.

STOCK MARKET INTENSELY DULL

(By Associated Press.)

FEDERAL OFFICERS RAID SLAVEMEN

CHICAGO, June 20.—Startling revelations in connection with the "white slave" evil and the traffic in girls from foreign countries are expected to develop when United States Commissioner Foote hears the cases of four prisoners discovered in disorderly places raided today by Federal officers.
Eighteen women were arrested, and many of them, it is believed, will be deported under the Federal laws on the charge that they were brought to America for illegal purposes. It is reported that the Federal authorities received information several months ago of wholesale smuggling of women from Europe and other countries to America. Assistant District Attorney Harry Parker was placed in charge.
Government detectives were placed at his disposal, and the arrival of women and girls from foreign countries was watched. The result was that officials at Washington were communicated with and arrests were ordered.
The Washington dispatches said that a white slave system has offices in Paris, Montreal, Madrid and Chicago.

PLUCKY WOMAN FIGHTS A TIGER

LOS ANGELES, June 20.—Jabbing fiercely at a maddened tiger while he was holding her husband in his jaws, Mrs. Herman Gerson fought for five minutes with the brute this morning before it would release its hold. Gerson is head animal-keeper at Eastwake Park, a local pleasure garden, and while cleaning out the cage of Bruno, a tiger, recently secured from the Sells-Floto circus on trial, was seized by the beast. The tiger got him by both hands and arms. As he was being chewed up, Gerson called to his wife, who was in their cottage close by:
"Nettie, Nettie, come, for God's sake, and bring the fork."
After repeated applications of the steel prong the plucky woman forced the infuriated brute to drop her husband and, with the help of several men, carried him to the cottage. He was later taken to the County Hospital and drugged with opiates to deaden the terrible pain. Both arms are mangled. Gerson's predecessor died as the result of a rattlesnake bite.

WOMAN IS AFTER HUSBAND'S SLAYER

SAN BERNARDINO, June 20.—A few moments after a coroner's jury had returned a verdict of justifiable homicide, exonerating Justice of the Peace Stanley W. Houghton, who shot and killed Hieronymus Hartman at Oro Grande last Sunday, Houghton was arrested on a charge of murder preferred by Mrs. Nancy Hartman, widow of the dead man.
A minority of the jury, consisting of three men, held that the killing was not justifiable. Houghton, in his testimony, said that he knew Hartman to be a desperate man and that when Hartman started for his home, after being called upon to surrender he (Houghton) was certain he had started for a weapon. Houghton probably will be released on bail.

BRYAN HOLDS POST MORTEM

Names Seven Propositions Which He Claims Convention Failed to Act Upon—Calls Upon Roosevelt Republicans to Answer.

(By Associated Press.)
LINCOLN, Neb., June 20.—Under the new caption "In Full Retreat" William J. Bryan, in the next issue of the Commoner, will discuss the Republican National Convention as follows: "Republicans who attended the National Convention as spectators joined in the demonstration in favor of Roosevelt. Senator La Follette must have felt indignant as he watched the panic-stricken delegates running over each other in an effort to get away from La Follette reforms, some of which were endorsed by the President himself. Congressman Cooper, of Wisconsin, representing La Follette on the platform committee, brought in a minority report signed by himself alone. Fifty-two members of the committee signed the majority report. The Republican party will find the ratio of 52 to 1 an embarrassing one to deal with in the coming campaign. Cooper's report contained a declaration in favor of publicity in campaign funds, which lost by a vote of 880 to 94, more than 9 to 1, yet the President had been advocating legislation in favor of publicity of campaign contributions. And Taft wrote Burrows advocating the passage of such a bill. On this subject the Republican party is retreating. Another plank in the La Follette platform authorized the ascertaining of the value of railroads. The plank was lost by a vote of 917 to 63, nearly 15 to 1, yet the President advocated this very proposition. Here's retreat on the "railroad question." In another column reference is made to the injunction plank. "The injunction plank adopted by the Republicans is a retreat from the position taken by the President and Secretary Taft. Although neither went as far as they ought to have gone in their efforts to prevent what is known as 'Government by injunction.' The President advocated an income tax as a means of preventing swollen fortunes and equalizing the burdens of government. The Republican platform is silent on the subject, as it was on the inheritance tax, which was advocated by the President. In the President's message to Congress last spring he presented an indictment against a conspiracy formed among law-breakers to prevent the enforcement of law and evade punishment provided by the law.
"The platform adopted by the Republican convention contains no intimation of danger. If there were any conspiracies the convention didn't see them; if any dangers ahead it was unconscious of them. The convention by a vote of 866 to 114, more than 7 to 1, voted down a plank in favor of popular election of United States Senators.
"Here are seven propositions upon which the Republican party in National convention assembled has retreated from the position taken by that party in Congress or the position taken by the President. What have Roosevelt Republicans to say?"

DEADLY REPTILES ATTACK RENO MAN

RENO, Nev., June 20.—A. A. Hibbard, a prominent local capitalist, had a thrilling experience this morning when he received a sealed box filled with live rattlesnakes. Without thinking of the danger that lurked within, Hibbard proceeded to open the box in his office, and had succeeded before he saw the heads of a half dozen of the reptiles protrude and begin striking at him. One of the fangs struck Hibbard on the coat sleeve, but he was alert enough to jump back out of danger.
Hibbard has no idea who sent him the deadly consignment, and is slow to believe that the package was intended to do him harm. "I believe it is the work of some practical joker along the Yuba River, in California," said Hibbard. All that causes him to suspect otherwise is the fact that the package was sent sealed.

MINING MAN IS FOUND LIFELESS

SAN BERNARDINO, June 20.—James Arthur Pierce, a wealthy mining man, was found dead in his camp in the Barnwell district this afternoon. He had apparently been dead for several days. The cause of his death is a mystery.

CRAZY WOMAN AFTER GOVERNOR

DENVER, June 20.—Through the cooling of Assistant Secretary James E. Dougherty, of the State Humane Society, Governor Henry A. Buchtel escaped possible injury yesterday afternoon at the hands of Mrs. Annie Jochim, an insane woman. Laboring under the delusion that the Governor has got possession of \$10,000 she imagines was left her by W. C. Stratton, and is scheming to force or to marry him, the woman visited the executive office with the intention shooting him with a 32-caliber revolver. She had the weapon concealed under a jacket she carried under her arm.
Unable to obtain admission to the executive chamber, the woman went to the humane Society and made threats to "fix" the Governor.
After warning Private Secretary Montgomery, Mr. Dougherty joined the woman while she was waiting at the Broadway entrance to the State House, and persuaded her to accompany him to the Court House. There he swore out a complaint of insanity against her and she was taken to the psychopathic ward of the county hospital.
